About Orbit Training Center

Your Gateway to Professional Excellence in Dubai

Who We Are

Established in 2023, Orbit Training Center is a leading professional training provider in Dubai, offering 60+ professional certification courses across diverse fields, including engineering, IT, design, and languages.

Our Benefits

-  Industry recognized certifications
-  Convenient location in the heart of Dubai
-  Affordable fees with multiple payment plans
-  Lifetime post-training support

★Our Features

-  Hands-on learning with real-world projects
-  Expert trainers with industry experience
-  Flexible learning options to fit your schedule
-  State-of-the-art infrastructure & facilities

Our Mission

We deliver outstanding courses, expert teaching, strong career guidance, and placement support to help every student achieve their best results. We stay connected with alumni through networking events, lifelong learning, and ongoing mentorship. We run our operations with smart systems and data-driven decisions to create a smooth, exceptional experience for all.

Dialux Course

It is a way to learn lighting design with Dialux tool.

Course Description

This course provides Dialux training for lighting professionals. Master photometric calculations daylight integration and emergency lighting. Projects cover interior exterior and road designs for compliant energy-efficient solutions in building and urban planning.

Duration

18-25

Hours of Training

Format

Classroom / Online

Flexible Option

Key Outcomes

- ✓ Master Dialux interface.
- ✓ Create lighting scenes.
- ✓ Place luminaires accurately.
- ✓ Perform energy analysis.
- ✓ Generate 3D renders.
- ✓ Produce calculation reports.
- ✓ Enhance lighting efficiency.

Target Audience

- Electrical Designers lighting.
- Calculation pros in design.
- Lighting Company professionals.

Certification

- Certificate of Course Completion
- Industry Recognized Certification
- Trained by Certified Professionals

Prerequisites

- Basic lighting knowledge required.
- Computer skills needed.
- Interest in simulation tools.

Dialux Course

Begin with Dialux basics and indoor lighting.

Intermediate

- Covers all Intermediate Levels
- Precise Geometry Creation
- Basic Parameters & Standards
- Understanding of Tools & Uses
- Intermediate Project Standard
- 1 Project at Completion

Duration
18 Hrs

Professional

- Covers all Professional Modules
- 16 Standard Professional Modules
- Learn with Industry Standard
- Professional Tools and Uses
- Multiple Professional Projects
- 3 Projects at Completion

Duration
22 Hrs

Advanced (Customized)

- Covers All Professional Modules
- 16+ Advance Professional Module
- Co-Ordination and Adv. Parameters
- Shop Drawings & As Built Drawings
- Govt. Standard and Submission
- 4 Projects in Different Categories

Duration
25 Hrs

Dialux Course

Begin with Dialux basics and indoor lighting.

01 Introduction to Dialux Evo

- > Overview of Dialux Evo
- > Introduction to the software
- > Key features and capabilities
- > System requirements and installation
- > User Interface and Navigation

02 Basic Setup and Project Creation

- > Starting a New Project
- > Setting up a new project
- > Importing CAD drawings and other formats
- > Defining project settings and units
- > Building Geometry Creation

03 Luminaire Selection and Placement

- > Choosing the Right Luminaires
- > Understanding luminaire types and applications
- > Using manufacturer catalogs
- > Placement techniques for optimal lighting
- > Placement Strategies

04 Interior Lighting Design

- > Residential Lighting
- > Room-by-room lighting
- > Designing for aesthetics and functionality
- > Commercial Lighting
- > Office lighting design

05 Outdoor Lighting Design

- > Landscape and Garden Lighting
- > Techniques for enhancing outdoor spaces
- > Selecting luminaires for durability and aesthetics
- > Facade and Architectural Lighting
- > Highlighting building features

06 Street and Roadway Lighting

- > Street Lighting Fundamentals
- > Understanding requirements and standards
- > Selecting appropriate luminaires and poles
- > Roadway Lighting Design
- > Techniques for highways and major roads

Dialux Course

Begin with Dialux basics and indoor lighting.

07 Lighting Calculation and Analysis

- > Setting Calculation Surfaces
- > Defining calculation areas and surfaces
- > Configuring calculation parameters
- > Running Lighting Calculations
- > Performing interior and exterior lighting calculations

08 Daylighting and Energy Efficiency

- > Incorporating Daylighting
- > Techniques for maximizing natural light
- > Balancing daylight with artificial lighting
- > Energy-Efficient Lighting Design
- > Strategies for reducing energy consumption

09 Emergency Lighting Design

- > Introduction to Emergency Lighting
- > Standards and Regulations
- > Designing Emergency Systems
- > Luminaire Placement for Safety
- > Simulation and Testing

10 Visualization and Presentation

- > Creating Realistic Visualizations
- > Techniques for rendering realistic images
- > Using Dialux Evo's visualization tools
- > Preparing Presentations
- > Exporting visualizations and reports

11 Advanced Luminaire Management

- > Custom Luminaire Creation
- > IES File Integration
- > Luminaire Libraries Management
- > Advanced Placement Tools
- > Optimization Algorithms

12 Sports and Specialty Lighting

- > Sports Field Lighting
- > Auditorium and Theater Lighting
- > Industrial Lighting Design
- > Specialty Applications
- > Hospitality Lighting

Dialux Course

Begin with Dialux basics and indoor lighting.

13 Reporting and Documentation

- > Generating Lighting Reports
- > Customizing Report Templates
- > Compliance Documentation
- > Export Formats
- > Report Analysis

14 Integration with Other Software

- > BIM Integration
- > CAD Software Linking
- > Data Exchange Methods
- > Workflow Automation
- > Integration Best Practices

15 Sustainable Design Practices

- > LEED and Green Building Compliance
- > Energy Modeling
- > Life Cycle Assessment
- > Sustainable Material Selection
- > Eco-Friendly Design Strategies

16 Project Management and Collaboration

- > Managing Large Projects
- > Team Collaboration Tools
- > Version Control
- > Client Presentation Techniques
- > Professional Certification Prep

Final Projects and Assessment:

- **Assessment:** Project-based evaluation through real-world projects to assess practical skills and application without theory exams.
- **Tailored Curriculum:** Customized to industry standards, covering essential topics for professional development in relevant fields.
- **Hands-on Projects:** Real-world simulations and interactive tasks to build applicable skills and create professional portfolios.
- **Certification Prep:** Targeted review sessions, practice exercises, and strategies for achieving industry certifications.
- **Ongoing Support:** Access to recorded materials, forums, instructor guidance, and career assistance for long-term growth.

Muppuli Raja

One of great institute for REVIT BIM course. I completed my training with Mr Ahmed. He is one great trainer in this institute. He has very good knowledge for BIM Training. I completed my REVIT BIM training with orbit and it was very nice learning journey for me. And one of best thing is training center is very flexible for classes.

Arun

Best SolidWorks training in Dubai! The instructor made 3D modeling and assembly design easy to understand. The course covered all essential tools I need for product design and engineering work. Best training center for solidworks training. Best Training Center for Best Skills

Harshu CH

My experience at Orbit training center has been the best In every step I learn from there very clearly almost complete my course it's very interesting the trainer is the best professional and friendly ,and the rest of the team keep it up, thanks for supporting me Orbit and all staff...

Ranjan Axalan

I just finished my course in 3ds max. I learned a lot on how to create 3d model. Thank you for the experience and for the teaching method it help me to understand easily and grow my knowledge. I will use my learnings to my future company. Highly Recomanded!

Numan

I had good support from trainer Mr Ahmed and the other staff. They would schedule my BIM classes as per my convenience and would retake classes if I required. They always answer my calls when I need assistance. Not only that the trainer would go a mile a ahead by helping me with my work related issues like a true mentor.

Lelanie Fernandez

Overall, I highly recommend the Fusion 360 training at Orbit Center, especially with Ahmad as the instructor. This course has exceeded my expectations, and I am learning a lot. I would rate it 5 out of 5 stars!

Aman Bakhtiyar

I had a great learning experience at Orbit Training Center. The trainers are knowledgeable, supportive, and always ready to help. The clear and practical teaching methods really helped improve my skills and confidence. I highly recommend Orbit Training Center to anyone looking to learn AutoCAD, Revit, and other professional skills.

Sana Zahid -

I recently completed the online Digital Marketing course with Orbit Training Center, and it was a great experience! The lessons were clear, practical, and easy to follow. The trainers were knowledgeable and supportive throughout the course. I've learned a lot that I can apply to my work here in Belgium. Highly recommend Orbit Training Center to anyone looking to improve their digital marketing skills!

Cleavon Henderson

Orbit Training Center offers outstanding CAD classes that are easy to understand, even as a first-year mechanical engineering student. The instructors simplify complex concepts and use practical examples, making the learning process engaging and effective. Whether you're new to CAD or improving your skills, Orbit Training Center provides a supportive and enriching environment. Highly recommended!

Danish Khan

Just finished Primavera P6 training at Orbit Training Center and it was fantastic! The trainer made complex scheduling concepts easy to understand with real-world examples. Got hands-on experience with project planning, resource allocation, and progress tracking. The course was well-structured and I feel confident using Primavera P6 for my projects now. Great value and would definitely recommend to other project managers!
